RESPONDING TO YOUR NEEDS

Housing Solutions • Disaster Relief • Equipment Rentals

WELCOME...

Welcome to **Cobalt Equipment, Inc.** You are invited to explore the quality products and services we strive to provide to each and every one of our customers. For nearly 20 years, Cobalt has perfected the art of exceeding our customers' expectations. We take pride in our company and sincerely hope that all of our customers will share in that pride with us. Cobalt recognizes that its success is dependent upon the skills, abilities, and attitudes of its employees who are expected to adhere to the highest standards of personal, professional, and business ethics. If you have any questions about our company, products, and services, please feel free to contact us or visit our website at www.cobaltequipment.net.

For your convenience, we have a 24-hour toll free number **800.545.6112**.

ABOUT US

Cobalt Equipment, Inc. is a woman-owned small business formed in 2004 specializing in turn-key base camp support services, logistical support associated with restoration operations, and military camps.

We lead the industry in providing emergency services, turnkey life support facilities, workforce housing and related equipment. We currently own one of the largest inventories in the US, capable of supporting over 20,000 persons. We are strategically placed throughout the United States to immediately respond to our customers needs.

Our staff is trained in OSHA Competent Person Training, First Aid, CPR/AED, ICS/NIMS, and have worked throughout the United States so there are no learning curves involved with our performance. We immediately deploy to satisfy our customers needs 24/7/365.

With experience from the military, construction, and engineering industries, we provide a synergistic source for temporary facilities and logistics services that has proven to be concise and relevant for demanding clients.

MISSION

Cobalt's mission is to become the leading vendor of workforce housing solutions "responding to your needs." Through a combination of outstanding selection of equipment and attention to detail, this customer-centric organization is known as the best company for the price and customer service.

What are the benefits of working with Cobalt Equipment?

TURNKEY PROVIDER

If you want to work with one highly experienced company able to provide billeting, remote workforce housing, and comprehensive site support services, then you're unlikely to find a better mix of range, quality, and price.

In fact, as we're able to leverage the advantage of global procurement, we can work with you across your operation to reduce your overall

GREAT CUSTOMER SERVICE

Companies often talk about customer services. And usually that is all it is; talk. At **Cobalt Equipment, Inc.** we consistently deliver excellent customer service - whether that's at our offices, equipment staging areas or on your site. ***Simply put, if you have a problem or need our assistance, we will be there to help you.***

EXPERIENCED

Having worked throughout the country during the past nearly 20 years, our level of industry experience is unmatched. But what does this mean for you in practical terms?

- We're fast and efficient, never holding up your project.
- We understand and adapt to regional variations.
- Our contingency planning is thorough - there are no surprises.
- Our safety procedures are tried and tested.
- You can have confidence in us.

HEALTH & SAFETY

We know you take safety of your employees extremely seriously. So do we. At **Cobalt Equipment, Inc.** we follow the most rigorous health and safety standards - standards that have been developed and improved for nearly 20 years of continuous operations.

Constantly monitored and never complacent, we always ensure our health and safety processes and training are up-to-date and effective.

800.545.6112

ADAPTABLE & FLEXIBLE

We work with you to overcome your unique challenges. This means we tailor our services to best serve your specific needs. Our billeting approach to workforce housing gives you the flexibility to build custom and efficient site complexes.

When you need offices or lodging in far-flung locations, we'll be right there with you. When you need support services across your operation, we have the experience and expertise to deliver. Able to work anywhere in the country, in extreme

ENVIRONMENTAL & SOCIAL RESPONSIBILITY

We care deeply about the communities and local environments we work in. We've developed long-term Aboriginal relationships, helping build strong and prosperous communities - providing opportunities, training and investment to ensure local areas benefit and that everybody wins.

QUALITY MANAGEMENT SYSTEM

Cobalt Equipment, Inc. continually strives to achieve excellence in quality. We recognize that true customer satisfaction and corporate success is based on our ability to provide exemplary products and services that meet or exceed regulatory and customer requirements.

CREATING A HOME AWAY FROM HOME

You know a happy workforce is a more productive and stable workforce. So you want to provide the best facilities for your team: from comfortable and clean accommodations to great recreational facilities.

But we also know you have to consider the impact on your cost base. That's why, with **Cobalt Equipment, Inc.** you can have the best of both worlds: a genuinely pleasant and enjoyable place for your workers to live and socialize, while minimizing the affect on operational costs.

ACCOMMODATION MANAGEMENT & ADMINISTRATION

Clean, efficient, and well-run accommodation facilities are vital to the success of your wider operation. We organize and manage every single aspect of camp life so you can concentrate on the all-important revenue generating activity.

Ensuring your workforce housing is a tightly run operation is one thing. At **Cobalt Equipment, Inc.**, we go even further than that: providing a pleasant living environment for your hardworking teams.

Responding to Your Needs

COBALT EQUIPMENT: At Your Service

- Occupancy management
- Catering services
- Facilities management
- Housekeeping and janitorial
- Outstanding customer service
- Administration of supplies and suppliers
- Recreational facility management

We've been providing these first-class services to companies like yours for many years. That experience means we know how to cost-effectively manage remote site accommodation, while always making your staff feel like they're at home.

SIT BACK & RELAX

Facilities Operation & Maintenance

WHEN WE'RE IN CONTROL, YOU HAVE PEACE OF MIND

Cobalt Equipment, Inc. specializes in the facilities operation and maintenance of camp accommodations. When you commission Cobalt to provide your site accommodations you also have the choice of a range of auxiliary services to support this camp operation.

Whatever your needs, we will develop a custom facilities maintenance management plan to meet your specific requirements:

- **Overall Camp Management & Administration**
 - ⇒ Customer services and reception
 - ⇒ Administrative support and housing staff
 - ⇒ Front desk management

- **Facilities Maintenance**
 - ⇒ Computer Maintenance Management System (CMMS) for planning, scheduling and work requests
- **Roads & Grounds Maintenance**
 - ⇒ Snow removal, grading
 - ⇒ Lawn care, gardening
 - ⇒ Pest control
- **Inventory and Critical Space Parts Management**
- **Reporting, quality control and key performance indicator management**

We provide these services in our **Cobalt Equipment, Inc.** basecamps, as well as part of our durable, flexible, and cost effective turnkey camp solutions.

Housekeeping and Janitorial Services

ENSURING SAFE AND CLEAN LIVING

When your employees return to camp after a tough day on the job, you want to make sure their accommodation is safe and clean.

It helps you to maintain morale and your teams can quickly get the rest and relaxation they need before the sun rises for the next shift.

While your employees are off-site working their shift, we get to work ensuring all aspects of the camp life are kept to the very highest quality and safety standards.

Housekeeping services, performed on a cyclical cleaning schedule:

- Daily cleaning of occupied room - making beds, garbage removal, dusting, cleaning of floor and bathrooms
- Providing clean and fresh bedding
- Cleaning of surfaces in public areas - reception, dining facilities, washrooms, fitness centers and other recreational units.
- Provision and maintenance of all equipment, tools, and consumables

Our teams always follow the very safest work procedures and every member of our staff is trained to meet our renowned quality standards.

For a well run, clean and safe workforce camp, work with Cobalt Equipment - we know how to keep your teams happy.

Responding to Your Needs

Meal Services

WE KNOW THE WAY TO YOUR HEART

A well-fed crew is a happy crew. And a happy crew - that looks forward to nutritious and tasty meals - will work harder for you.

At **Cobalt Equipment, Inc.**, we know that helping you look after your employees with great food is not a desirable extra, it makes a real difference to your bottom line. And we have experience providing delicious meals even in the most remote and harsh locations on earth.

Our chefs use professionally tested recipes and only the finest ingredients. And we keep our menus inline with changing tastes and current trends.

We keep your workforce fed and satisfied:

- Full breakfast, lunch and dinner service
- Red Seal certified chefs
- Six-week cycle menu

- Food safety
- Existing food supplier agreements
- Swipe card system for dining room

Did someone ask for more?

- Bag lunch service for day and night crews
- 24-hour snacks and drinks
- Sandwich bar with "made-to-order" options
- Popular and healthy food choices

Cobalt's chefs develop recipes and menus that will keep your hard-working staff coming back for more.

Meal Services

- Sprinkler Systems

Workforce Housing

ROOM CONFIGURATIONS

When your employees are away from home, you want to make sure their accommodation meet their standards of living.

Cobalt has a couple of room configuration to choose from. We have a Jack and Jill style rooms and a VIP style room available.

All workforce housing accommodations meet all State safety requirements:

- Fire, Smoke and Fire Sprinkler Systems
- Key Card Lock-System

Rooms are spacious with comfortable mattress, TV, Desk, private HVAC system and wardrobe.

Workforce Housing Optional Equipment

CAMP OPTIONAL EQUIPMENT

There are several option layouts for workforce housing, Cobalt has optional equipment ready to meet your needs:

- Sewer treatment systems
- Potable water treatment systems
- Water storage tanks
- Electrical systems
- RV full hookup systems
- Lighting systems
- Phone systems
- Public addressing systems
- Portable mini-cell towers

BASE CAMP EMERGENCY COMMUNICATIONS & IT EQUIPMENT

When floods, winds, fires, earthquakes, terrorist attacks or other disasters destroy crucial terrestrial phone and data lines and cellular networks, Satellite is your lifeline!

Cobalt's satellite communications can restore data center communications, support first responder communications, send video of the disaster scene, coordinate logistics from a forward command center and provide voice and internet access for public assistance applications.

Cobalt Equipment, Inc. brings two decades of experience helping first responders, corporations, public safety officials and government agencies chose the right portable satellite uplink systems to meet voice, data, video and networking needs in mission critical environments.

System Features

- Type-2 Satellite Support Package - Bandwidth 20Mbps X 5Mbps
- Type-3 Satellite Support Package - Bandwidth 10Mbps X 2Mbps

Wireless Networking

- √ Dual-bank 2.4 GHz/5.8 GHz 802.11 a/b/g/n/ac

Cellular Networks

- √ Verizon, AT&T, Sprint and T-Mobile options for LTE connectivity
- √ FirstNet/Band 14 capable
- √ Aggregated 30-90Mbps performance
- √ Automated satellite/cellular network failover
- √ Cellular extender-compatible to provide service to hand-sets where no cellular infrastructure exists

VoIP Phone Services

- √ Includes two VoIP Phones with landline calling capability
- √ Additional VoIP lines and devices available

SATELLITE SYSTEMS, GIS & IT EQUIPMENT PACKAGES

Cobalt offers several variations of packages of Satellite Systems, Networking, Printing, and Cellular Network Systems. If you have any questions regarding any of our packages, or if you need something that isn't shown here, please feel free to contact us at 800.545.6112. **Cobalt responds to your needs!**

Satellite Packages

- **Type-1 Satellite Package:** Type-1 Satellite System, 3-Rock Boxes (each box includes: Router, Switches, Wireless Network, UPS, Antenna and several cat-5 cables), 8-VoIP Phone Lines, Cellular Network Extender and Technician for set-up and standby.
- **Type-2 Satellite Package:** Type-2 Satellite System, 2-Rock Boxes (each box includes: Router, Switches, Wireless Network, UPS, Antenna and several cat-5 cables), 4-VoIP Phone Lines and Technician for set-up and standby.
- **Type-3 Satellite Package:** Type-3 Satellite System, 1-Rock Box (each box includes: Router, Switches, Wireless Network, UPS, Antenna and several cat-5

GIS Network & Printer Package

- **Type-5 GIS Support Package:** 1-Rock Box (box includes: Router, Switches, Wireless Network, UPS, Antenna and several cat-5 cables), Medium size color Copier capable of 11" x 17" prints, Large format (E size) Plotter capable of 36" prints, daily supplies of paper and toner and Technician for set-up and standby.

IMT Data Storage & Network Package

- **Type-2 IMT Data Storage & Network Package:** 3-Rock Boxes (each box includes: Router, Switches, Wireless Network, UPS, Antenna and several cat-5 cables), 1-5TB data storage server and Technician for set-up and standby. This package includes a 5-TB portable incident storage data drive that will be given to the team at the end of the incident with all the incident data recorded on it
- **Type-3 IMT Data Storage & Network Package:** 1-Rock Box (each box includes: Router, Switches, Wireless Network, UPS, Antenna and several cat-5 cables), 1-5TB data storage server and Technician for set-up and standby. This package includes a 5-TB portable incident storage data drive that will be given to the team at the end of the incident with the entire incident data recorded on it

VoIP Phone System Package

- **Type-2 VoIP Phone Support Package:** 1-Rock Box (box includes: Router, Switches, Wireless Network, UPS, Antenna and several cat-5 cables), 10-VoIP Phone Lines.
- **Type-3 VoIP Phone Support Package:** 1-Rock Box (box includes: Router, Switches, Wireless Network, UPS, Antenna and several cat-5 cables), 5-VoIP Phone Lines.

800.545.6112

TYPE III - 19' X 35' (YURT) SHELTER SYSTEM

Our Type III Shelter is 570 square feet of useable space. Our systems can be rapidly deployed in the field to meet any need from staff billeting and ablution to community outreach and mobile medical initiatives. The system is also popular with FEMA, DMAT and US&R teams for its quick and easy integration with the Western Shelter systems or other participating response groups at an incident.

Our Type III Shelter contains the accessories needed to rapidly deploy a fully functioning system complete with electrical wiring, lighting, work stations and optional vestibule connectors for the integration of additional shelters.

Standard System Features

- Desert Sand Color, made from durable flame retardant vinyl
- Fast deployment: 45 minutes or less set-up time
- 6' Vertical Sidewalls
- 570 Sq. Ft. of useable floor space
- Sealable floor protect the shelter from environmental factors
- Lightweight frame, constructed of aircraft aluminum (6063-T5 and 6061-T6)
- Each shelter has the ability to be configured with walls or roof only
- Interior frame finish allows full access to horizontal support bars which can be utilized to hang up to 50 lbs. of equipment
- Rigid frame double door gives a large entryway with an optional ADA compliant door ramp that easily accommodates gurneys and/or wheelchairs
- Framework incorporates a design which allows individual replacement of any component without the return or loss of the entire frame structure
- Peak height: 10' 10"
- Weight: 905 lbs.
- Integrated exterior HVAC connection points on all Shelter walls

TYPE IV - 20' OCTAGON (YURT) SHELTER SYSTEM

Cobalt offers a full line of Shelter Systems. One of the most popular is the 20' Octagon Shelter System. Its lightweight components and a small operational footprint creates a system that can be structured and scaled to fit most field operations. Rapidly deployed in under 20 minutes with only a few people, the 20' Octagon is ideal for smaller or stand-alone operations from a command and control center to community outreach.

An optional vestibule connector in the GateKeeper package shelter provides instant interoperability when a large scale response or camp is called for.

Standard System Features

- Desert Sand Color, made from durable flame retardant vinyl
- Fast deployment: 30 minutes or less set-up time
- 6' Vertical Sidewalls
- 286 Sq. Ft. of useable floor space
- Sealable floor protect the shelter from environmental factors
- Lightweight frame, constructed of aircraft aluminum (6063-T5 and 6061-T6)
- Each shelter has the ability to be configured with walls or roof only
- Interior frame finish allows full access to horizontal support bars which can be utilized to hang up to 50 lbs. of equipment
- Rigid frame double door gives a large entryway with an optional ADA compliant door ramp that easily accommodates gurneys and/or wheelchairs
- Framework incorporates a design which allows individual replacement of any component without the return or loss of the entire frame structure
- Peak height: 10' 10"
- Weight: 580 lbs.
- Integrated exterior HVAC connection points on all Shelter walls

CANOPY TENTS & STRUCTURE SYSTEMS

Cobalt offers an array of Canopy Tents and Structures to suit your needs. Our Canopy Tents are made from aluminum tubing and welded steel fittings. The 4" heavy duty aluminum pipe combines lightness and strength. The canopy tops are made from a durable multi-layered laminated vinyl and are waterproof, ultraviolet and mildew protected, and flame retardant.

Structure System Features

- White Roof, Black-Out, made from durable flame retardant vinyl
- 10' Vertical Sidewalls, White Black-Out
- Lightweight frame, constructed of aircraft aluminum (6063-T5 and 6061-T6)
- Framework incorporates a design which allows individual replacement of any component without the return or loss of the entire frame structure
- Integrated exterior HVAC connection points on all Shelter walls
- Measures 40', 50', 65', 82', 98', 131' X as long as you won't (in 10' sections)

Canopy Tents Features

- White, Black Out Color, made from durable flame retardant vinyl
- 10' Vertical Sidewalls, Black-Out or Windows
- Lightweight frame, constructed of aircraft aluminum (6063-T5 and 6061-T6)
- Framework incorporates a design which allows individual replacement of any component without the return or loss of the entire frame structure
- Integrated exterior HVAC connection points on all Shelter walls
- Measures:
 - 10' x 10'
 - 10' x 20'
 - 20' x 20'
 - 20' x 30'
 - 30' x 30'

800.545.6112

HVAC & CHILLER SYSTEMS - HEATING & COOLING FILTRATION SYSTEMS

Cobalt is able to equip all of our portable shelter structures or temporary building facilities with a full range of heating, air conditioning and ventilation systems. Our HVAC's, when used in tandem with our insulated tents, cool well below agency standards.

All of our HVAC units contain a remote temperature thermostat to offer both heat and air conditioning. Determining the amount of equipment to heat or cool our tents or other structures requires us to factor in typical temperatures at the site, time of year, hours of operation, additional heat generated from occupants or equipment and then make allowances for leakage or unforeseen changes.

All of Cobalt's HVAC's are specifically designed to connect directly to our shelters or structures.

System Features

HVAC Systems

- 3.5 Ton HVAC Systems w/ Heat
- 5-Ton HVAC Systems w/ Heat
- 15.2-Ton HVAC Systems w/ Heat
- 25-Ton HVAC Systems w/ Heat

Chillers Systems

- 20-450 Ton Chillers

Air Handlers

- 50-100-Ton Air Handlers w/ Heat

Air Filtration Systems

- 300-900 CFM Portable Air Scrubbers
- Negative Air Machines
- HEPA Air Filtration Machines

GENERATORS

Whether you need temporary power and/or lighting for your base camp, Cobalt has a solution for you. We know you cannot afford to be idle due to a lack of on-site power or lighting. **Cobalt Equipment, Inc.** is available to respond 24 hours a day, 7 days a week (unlike many rental companies).

Generator Features

Cobalt's line of 25 to 400 Kilowatt Sound Attenuated Generators offer flexibility in providing a variety of power solutions for base camp settings or events. Generators are skid or trailer mounted.

- Voltage - Three Phase (208, 220, 240, 416, 440, 460, 480V)
- Voltage - Single Phase (120, 127, 139, 240, 254, 277V)

Services Available

- On-Site Fueling
- On-Site Services and Maintenance
- On-Site 24-Hour Technicians

Sizes Available

- 2,000 Watt Generator - Gas
- 25 kVA Generator - Diesel
- 45 kVA Generator - Diesel
- 70 kVA Generator - Diesel
- 100 kVA Generator - Diesel
- 400 kVA Generator - Diesel

Auto-Transfer Switches

- 250 Amp up to 3,000 Amp's

800.545.6112

BASE CAMP POWER DISTRIBUTION

In order for your Base Camp to be effective, it is critical that ample power distribution is routed to all areas. Cobalt provides temporary power distribution equipment and onsite personnel at any location to keep everything running smoothly.

Generator Cords

- 50' & 100' 6/4 Hubble
- 50 Amp Power Cord w/ Twistlock

Power Distribution Carts

- 100 to 400 Amp.
- 50 Amp Hubble Connector
- 110V Edison Plugs

L21-20 Feed Cable

- 30' & 60' #10/5
- Used as an extension cable for QBS

Spider Boxes

- 50 Amps
- 5-110V 20 Amp Plugs
- 1-250 VAC Plug

Quad Box Stringers

- 20' & 30' #10/5
- Using L21-20, 20 Amp 208V 30 power

Expo-Panel Power Distribution Box

- 100 & 200 Amp. UL Listed
- Connects to L21-20 Cables
- NEMA Type 1 Indoor Use Only

Banded Cam-Lok Feeder Cable

- 25', 50' & 100' #2 5-wire banded
- Male & Female Cam-Lok

Portable Transformers

- Step-Down Transformers
- 480V down to 120/208V
- 45Kva, 75Kva & 300Kva

Single Conductor Cam-Lok Feeder Cable

- 5', 10', 25', 50' & 100' 2/0 & 4/0 Wire
- Male & Female Cam-Lok

General Purpose Cable Ramps

- 3' Sections
- 5 Channels 1.325" diameter
- Heavy Duty

Heavy Duty Extension Cords

- 25', 50' & 100' 12/3
- Use indoor/outdoor

Cam-Lok Connectors

- 600VAC/250VDC
- T's
- Turn around Female
- Double Connector

Connector Adapters

- Range Plug to 50 Amp
- "Y" Adapters
- Dryer Plug to 50 Amp

LAUNDRY & SHOWER TRAILERS

Laundry Trailer Features

Our Laundry Trailer is equipped with 10 stackable front loading GE washers and dryers offering 24/7 self-service or full-service laundry accommodations. Our Laundry Trailer typically supports emergency incidents for the US Forestry, CalFire and other government agencies and businesses in situations where power and water sources and needed amenities are limited or unavailable.

- 53' Laundry Trailer
- 10 - Stackable Washers & Dryers
- Washer built-in Hot Water Heaters
- 20 PSI Water Pressure
- 1,200 Gallon Potable & Grey Water Bladders

Shower Trailer Features

Our mobile 8-stall shower trailers are an ideal rental solution for those who need access to clean, hot showers in remote locations. This is a simple solution for emergency situations where power and water sources are limited or unavailable. It is perfectly suited for any public event requiring comfortable shower amenities. It contains two sides: one for women, one for men. Each side is furnished with a double sink and four shower stalls with changing areas.

- 36' Shower Trailer
- 8-Stalls per Shower Trailer
- Propane On-Demand Hot Water Heaters
- 20 PSI Water Pressure
- 300 Gallon Water Tank Onboard
- 2-700 Gallon Grey Water Tanks Onboard
- 1,200 Gallon Potable & Grey Water Bladders
- Mirrors, Soap, Hand Towels and Shower Towels
- Air Conditioning & Heating
- Outdoor Lighting
- 50 Amp power requirements

FIELD SHOWERS & WATER TRUCKS

“Stand Alone” Field Showers Features”

Field Showers can be set up and ready to use in less than 15 minutes. Assembled dimensions are 90” x 45” x 72” with overall height 86”. They can be deployed indoors (gymnasiums, portable shelters, etc) or outdoors as a “stand alone unit” in remote, hard-to-reach-areas as wildland fire “spike camps”. They are the perfect choice for Decontamination Units when used in tandem with Cobalt’s Portable Shelters.

Field Showers can be used as a 2 stall shower system or as a dressing room/ single shower stall combination. Shower catch basins are plumbed for recovery of grey water.

Potable Water Trucks Features

Water is a basic necessity and must be available during emergencies. This emergency supply of water must be safe and properly handled or additional problems will result. It is essential that water for emergencies be obtained from a safe, reliable source and that the tanker truck used to transport the water be carefully selected. Our food grade trucks are dedicated to drinking water transportation ONLY.

- 1,600 Gallon Capacity
- Pumps, hose, fittings & valves meet NSF International Standard 61 for Food-grade materials

Grey Water Trucks Features

Our fleet of Grey Water Trucks are well suited for a variety of customer needs for grey water removal. Once potable water has served its purpose (food preparation, dish washing, hand washing, showering, laundry), it must be hauled away from the scene as “grey water”.

Cobalt offers a range of grey water trucks ranging from 500 gallons to 1,600 gallon capacities. Rental options include daily, weekly and long term.

CLERICAL SUPPORT TRAILERS

Our Type-1 Clerical Support is equipped with state of the art computers, workstations, high speed multi-function printers to copy, print, collate, bind, scan, email, fax and laminate documents and print/plot large-format maps, and design informational sign/posters. This is a 24 hour, 7 day a week full-service operation powered by a 45kw generator and managed by skilled administrative and IT staff typically supporting emergency incidents for the US Forestry, Cal-Fire and other government agencies and businesses in need of logistical support.

- 53' Clerical Support Trailer
- 6 - High-Speed laser multi-function printers
- 36" HP High-Speed Plotter
- Onboard 3G/4G cradle-point cellular modem (Verizon)
- 7-Ton HVAC System
- Coffee Maker and Refrigerator
- Large format Paper Shredder
- Onboard Phone Line
- Large Stock of Office Supplies
- Laminating up to 36" Plots
- 350 Copies per minute
- 3 Window workstations with Adobe Acrobat Pro, Microsoft Office 365 and GNU Image Manipulation Edition
- 40" Plasma TV's with Portable Automatic Satellite TV Antenna
- VHF Kenwood Mobile Radio
- Supply of 8 1/2" x 11", 11" x 17", white and color paper

GIS SUPPORT TRAILER

Our Type-1 GIS Trailer is a critical component for emergency response utilizing ArcGIS software, our large scale plotter printer, and other essential tools. During fire season, mapping software is essential to manage incident potential, define exposures in the fire's path, assessing wildfire risk, distributing help and keeping track of resources. Our GIS Trailer offers a comfortable work environment 24/7 for command teams making decisive decisions in crucial situations. Available on a US National Contract.

- 53' Type-1 GIS Support Trailer
- 2-HP 36" High-Speed Plotter Printers
- 1-High-Speed Laser Multi-Function Printer 8 1/2" x 11" & 11" x 17"
- 8-Workstations with a full range of software including:
 - √ ArcGIS
 - √ Adobe Acrobat Pro
 - √ Microsoft Office 365 Business
 - √ X-Tools Pro
 - √ GNU Image Manipulation
- Dual HVAC Systems
- Coffee, Refrigerator and Microwave
- Supplies for up to 7 days
- Outside Lighting
- SSD Server
- Complete Wireless Network

OFFICE TRAILERS

Our Type-1 Office Trailers are equipped with modern, updated ergonomic workstations offering 24/7 self-service functioning office work spaces for up to 8 people at a time. Our Office Trailers typically support emergency incidents for the US Forestry, Cal-Fire and other government agencies and businesses in need of logistical support.

- 48' Office Trailers
- HVAC Systems
- 110V Plugs, Data-Outlets and Phone Lines
- Office Style Chairs
- LED Lighting
- Outside Lighting
- White Board Throughout
- Color Printer
- Coffee Maker

MISCELLANEOUS EQUIPMENT

Cobalt offers a wide range of equipment for supporting any size incident:

- Light Towers
- Glo-Bugs
- Light Stringers
- Ice Chests
- 6' & 8' Tables
- Folding Chairs
- Water Bladders
- Portable Hot Water Heater
- Water Pumping Systems
- Utility Vehicles
- Gas Cans
- Sound Systems
- Wire & Wireless Microphones
- Laptops
- Projectors
- Projector Screens
- Cones
- Barricades
- 42" Flat-Screen TV's
- Portable Automatic Dish Satellite Systems
- 36" Plotter Printers
- Commercial Copy Machines
- Cots
- Ladders - 4', 6', 12,
- A-Frame Information Boards 4' x 8'
- Trash Cans
- Fans - Box & Pedestal

INCIDENT BASE UNIT

Our Incident Base Units, also known as Camp-In-A-Box or Camp-In-A-Sack, is perfect for immediate ICP deployment and set ups.

The IBU System features office trailers, generators, light towers, forklift, tents and shelters. All from on vendor and is ready for rapid deployment across the country.

- Office Trailers
- Generators
- Light Towers
- Handwash Trailer
- PA System
- Information Boards
- Refrigerated Trailer
- Forklift with 24-Hour Operator
